Jason,
We would be very interested in any cat collars that your company might manufacture. The most popular types seem to be decorative like the BeastieBands located on www.fantasycollars.com/bcollars.htm
Please advise me as to whether or not your company has any such products or plans to begin producing this type collar. We would like to begin production of a line of collars from *Cool Cat Products*.
Thank for your message, we look forward to hearing from you soon.

Hello, Your Collars would make a Great Gift!!

I have just visited your website at www.fantasycollars.com and was looking at the Cool Cat Fantasy Collars and would like a little more information on it. I am in product development at HSI Online - The Online Shopping Network and we are always looking for a unique gift item like yours that we can showcase in the network, through elephantz.org's clientele and possibly to television. I invite you to visit HSI Online, and get to know us. The following Media Kit will provide a complete overview of the company.

Feline Fantasy Collars

We have often laughed at our cats as they seem to dream their way, temporarily, into another world. Are they really dreaming? What about? Perhaps they are fantasizing! That would explain a lot about their behavior!

Thus, the idea of the Feline Fantasy Collar was born. Be a loving companion to your cat! Help your feline's fantasies to come true! These are our incredible Fantasy Collars! Below each picture is a brief description of the collar and the price. These collars were created for short-haired cats (sorry you long-hairs!) and come in 2 sizes; medium and large. A medium sized collar is designed to fit a 5 to 7 pound cat. A large collar is designed to fit a cat over 7 but less than 14 pounds. Want to know what some of our customers think?
